

## EDUCATION

Florida Atlantic University  
Bachelor of Arts in Computer Science  
GPA: 3.6/4.0

Boca Raton, FL  
May 2026

## TECHNICAL SKILLS

Languages: SQL, C/C++, Java, Python, HTML, CSS, Java Script, Swift, Powershell

Frameworks: ReactJS, Flutter

Software: Git/Github, MS SQL Server, MongoDB, MS Office, Adobe Photoshop, VS Code, Visual Studio, VMware Horizon/Altera Quartus, Xcode

## PROJECTS

Websites: <https://github.com/GEM265/Website-Projects>

website 1 - Made a resume using HTML

website 2 - Modified my resume using CSS and Bootstrap

website 3 - Simple Statistical Analysis

website 4 - Tic Tac Toe

ElGamal: <https://github.com/GEM265/Elgamal>

Project which implements a cryptographic algorithm for encryption and digital signatures

DES implementation: <https://github.com/GEM265/DES-implementation>

Project which implements a systematic key algorithm called DES (Data Encryption Standard) to encrypt digital data

IntroduceStudent: <https://github.com/GEM265/IntroduceStudent>

Created an app, made for Apple devices, that allows the user to introduce themselves by asking the user what their name is, what college/university they are going to, whether or not they want to have more pets and how many pets they have

EchoPlay: <https://github.com/GEM265/EchoPlay>

EchoPlay is a social music discovery app inspired by Spotify's personalized playlists and TikToks viral trends. It allows users to discover new songs through short, user-generated clips, which they can swipe through and save to their playlists. The app includes collaborative playlists, music challenges, and trending song charts.

## CERTIFICATES

Codepath Intermediate iOS Development, Codepath Intermediate Cybersecurity  
MS word, Powerpoint, Excel

## ACTIVITIES

Women in Engineering and Computer Science (WEICS), *Member*

September 2023-Present
